

International Shrimper Week – Milford Haven June 19th – June 30th 2025

For 2025 we return to the sheltered waters of Milford Haven, based at Neyland Yacht Haven. This offers launching facilities, a bar and restaurant and unfettered access to the estuary. Planned destinations include Pembroke Castle Moat, Dale, several trips to the upper reaches of the Haven and, weather permitting, a trip to Skomer Island, home to one of the largest Puffin nesting colonies in Europe. The event programme is being prepared and will be posted on this website when available.

Places will be limited so please respond to national-secretary@shrimperowners.org before midnight on December 14, 2024 to register your interest.
